You have the power to change a life.

Build the community by rebuilding the lives of abandoned children

The Tulay Ng Kabataan Foundation has been supporting street children and the poorest of Manila since 1998. We ask you to get involved:

PROGRAM "SCAVENGER CHILDREN":

We respond to emergencies and we rebuild their future. We established a center on the dump site and provide full balanced meals to every child. We also provide schooling, activities and medical check-ups.

PROGRAM "STREET CHILDREN"

We provide a family atmosphere, schooling for the young and vocational training for teens. We reconcile the children with their families when possible and develop the children physically, spiritually, mentally and socially.

PROGRAM "CHILDREN IN SLUMS":

We address the health, nutrition and education of the children by establishing centers in the midst of the slums. We provide training to mothers, give them medical care and provide pre-schooling to thousands of children.

FACT: Human trafficking is on the rise, millions live in the slums and work in dump sites while many have no access to healthcare, a decent home and education.
